

*ISK cares deeply about keeping our staff, contract providers, the people we serve, and our community healthy.*

UPDATE: JUNE 10, 2020

## **PARTIAL REOPENING: MONDAY, JUNE 15, 2020**

In accordance with Michigan's Safe Start Plan, ISK is using a **partial reopening approach** beginning MONDAY, JUNE 15. Starting then, more on-site services and staff will be available.

*To ensure a smooth and safe transition, please note this important information:*

- All ISK buildings will be open and have staff on-site.
- **Some non-urgent essential services will be provided on-site by appointment, based on individual clinical need.**
- All staff will wear a mask when they are meeting face-to-face with clients and colleagues. Clients are requested to wear masks as well.
- **Clients will be screened for COVID-19 upon entering any ISK building.**
- Clients will be asked to limit additional people entering the building to only those who will attend the session with them. These visitors will also be screened. If a visitor presents with symptoms of COVID-19 or answers yes to any of the screening questions they will not be allowed into the building.
- **Waiting room capacity will be managed, ensuring social distancing measures are met.**
- No visitors (non-clients) will be allowed in the workplace unless they are deemed essential.

*Thank You for Helping EVERYONE Stay Safe!*
