Purpose of JETT

Focus on the Following Issues:

- 1. Trauma Informed Practices and Care
- 2. Diversity, Equity, Inclusion, and Justice

Through a lens of SAMHSA's 5 Pathways to Mental Health Disparities

Racial/ethnic bias is hypothesized to contribute to disparities in health through five key pathways. These include increased exposure and susceptibility to:

- 1. economic and social deprivation;
- 2. toxic substances and hazardous conditions;
- 3. socially inflicted mental and physical trauma directly experienced or witnessed;
- targeted marketing of potentially harmful commodities such as tobacco, alcohol and illicit drugs;
- 5. inadequate or degrading medical care.

Being Guided by:

Our Mission

We promote and provide mental health, intellectual/developme ntal disability and substance use disorder resources that empower people to succeed

Our Vision

We provide a welcoming and diverse community partnership which collaborates and shares effective resources that support individuals and families to be successful through all phases of life

Our Values

Community, Competence,
Diversity, Effectiveness,
Integrity, Leadership,
Recovery and SelfDetermination, Respect,
Responsibility, Teamwork,
Trust

By Providing within JETT, ISK and Kalamazoo County:

- Education through trainings, presentations, discussions
- 2. Resources for growth to each other, coworkers, our provider network, and people served
 - 3. Information on best practices, new understandings, changing needs
 - 4. Leadership to have the difficult discussions and make the difficult changes
 - 5. Accountability to each other and our community through analysis, inclusion, audits

TRAUMA INFORMED

- Working to secure more Trauma Coaches
- Discussion on Trauma informed Supervision Practices
- Discussion on Internal Crisis Response

EQUITY REVIEW

Program Service Reports

<u>David Anderson</u>, <u>Director of Facilities</u>, <u>Tammie Natho</u>, <u>Housing Supervisor</u>, <u>Rosalind Adams</u>, <u>Shelter Supervisor</u>, <u>Mitch Misiasz</u>, <u>Housing Supervisor</u>, <u>presented the Housing Department Report</u>.

<u>Permanent Supportive Housing Program</u>

Our Permanent Supportive Housing Program is a voucher program funded by HUD that provides rental assistance to clients with Serious Mental Illness who are experiencing homelessness. In this program we have two supportive housing workers that help clients stay housed by ensuring that client's needs are being met and by being a liaison between the client and their landlord. Currently we have one hundred and twenty-four people housed on this voucher and are working hard to house more.

The graph below shows the spending trend of PSH since the beginning of this fiscal year. We have had a steady increase in the number of individuals housed on PSH Program since the start of the fiscal year. There was a sudden increase in the amount spent in November due to the amount of people being housed in that month, which then leveled out again with a steady increase in spending since. This upward trend is encouraging because it means we are that much closer to meeting our targeted spending amount which means housing more people who are experiencing homelessness. This is also exciting as it also means we are seeing less evictions and sustaining more of our clients. We soon

anticipate seeing our spending start to level out as we meet our targeted spending goal and will be working diligently to keep it there.

PATH Street Outreach

Our Projects for Assistance in Transitioning from Homelessness (PATH) Program consists of five street outreach workers who work between seven counties across Southwest Michigan. The goal of this program is to meet with clients who are staying in places not meant for human habitation and work with them to remove any barriers preventing them from housing. Our street outreach team works in all weather, all year long, meeting with clients wherever their encampments might be. They connect their clients to housing opportunities and walk alongside them through the whole housing process.

Our Outreach team has created a great rapport with the unhoused communities in each of the counties they work in and have established amazing partnerships with other community resources. Currently they are seeing more and more people outside, many from out of county or out of state. Housing is getting more difficult due to a lack of funding in most counties, making vouchers less available and housing opportunities more scarce.

Rise to Success (RTS)

A fast paced, goal-oriented program which people experiencing homelessness, or at risk of homelessness, to gain and maintain meaningful employment and stable housing. To be considered for the program, there is a screening process you must complete first. The screening process is a series of questions asked to better understand the client's situation. From there, if accepted into the program, the client would be placed in one of our transitional housing units. Through one-on-one weekly meetings, we create goals with clients that help them create healthy living habits along with gaining stable income. The goal of this program is for clients to be able to support themselves by securing stable housing and gaining meaningful employment.

This program started late last year and has been increasing. We have grown from two households in our transitional units to 10 units being occupied by achieving families. One household, two parents and a one-year-old, are getting ready to graduate from the program in the next coming weeks! When they first started out in our program, they had literally nothing. Housing Navigators and the household have worked hard at gaining meaningful employment, helped them get furniture for their apartment, we even helped one client obtain their GED. We are looking for more available units to house more people in the Rise to Success program. Our goal for the people in the Rise to Success

program is that they are in a better position than when we first met them. That they have done the work and have created a healthy lifestyle by maintaining meaningful employment and by securing stable housing on their own.

Housing Support Team (HST)

On-site housing support services and supports agency referrals for tenants living at several affordable multi-family properties in Kalamazoo County. The program, funded by a portion of the Kalamazoo County's Housing Millage, began in December of 2022 and will continue through December of 2025. It provides on-going supportive case management to individuals at these properties, many of whom are unstably housed or are newly transitioned into permanent housing. The aim is to help these tenants maintain their housing while providing life skills and community events.

The program is going well. We continue to have a presence at properties where ISK was already established (Heather Gardens, Lodge House, etc.) and have developed relationships at properties where ISK previously had less presence (Maple Grove, Pinehurst). The level and type of need at each property varies wildly, and the sands are always shifting under our feet. We have had success with establishing regular groups activities (like bingo and trivia) and classes (art, cooking for one) at several of the properties. We have also been able help connect many tenants with regular physical and mental health providers, thereby (hopefully) reducing some of the strain on local emergency services.

Housing Navigation Through Schools (McKinney-Vento program)

The program provides a sort of alternative to traditional rapid rehousing funds for families with children in Kalamazoo County schools. Families who are deemed homeless (as defined by the McKinneyVento Act) are referred to our team by partners within the schools. We then work with them to find out what their current resources are and provide limited monetary support towards moving into a new unit (security deposit and potentially rent for the first few months).

The program has gone unbelievably well—almost to the point of being a victim of its own success. Much of the funding allocated toward directly housing clients has already been spent. Over 60 families have been directly housed by the program so far, and many others currently in the process of applying for housing. This program allows us to work with families who don't fall under HUD's traditional definition of homelessness but DO fall under other categories of homelessness (e.g., staying in a hotel that they pay for themselves or "doubled up" at a friend's house) who can benefit from these sorts of funds.

ISK Shelters

Integrated Services of Kalamazoo (ISK) runs and operates 4 shelters. Each of these shelters have several success stories that makes one proud to be a part of serving in a way that makes a difference in our community and in the lives of those we serve.

The Oakland House (OH) Homeless Shelter Program is based on the premise that everyone possesses the potential to recognize, define, and develop healthy living patterns. Services offered by Integrated Services of Kalamazoo's Oakland House Shelter Program include access to housing assistance, referrals, information, life skills training, and peer run support groups. Participation in this service can prove to be vital to success in this program.

In December of last year, OH sheltered a client who was in recovery and had no income. Prior to coming to OH he had experienced homelessness many years and stated often that Oakland House saved his life by keeping him off the streets and away from drugs. He stated that peer support groups at OH are extremely helpful with keeping him motivated and focused on getting housed and continued success with his recovery journey. He also attends groups at Recovery Institute and encouraged other residents to attend. Although he was worried about being able to find stable and affordable housing, our housing case managers were not. This client was successfully housed in April 2024 with an ISK subsidy paying a substantial portion of his rent while he works with his lawyer on obtaining disability benefits.

ISK's Step-Up family Shelter program is a program that supports families experiencing homelessness due to various reasons. Families entering the program can expect to be supported on their journey back to permanent housing. Support is provided through our intense weekly case management, to help families set goals, priorities, create a budget and connect to additional supportive services, should they choose to take advantage of those supports, that can prove to make a difference in the lives of the families we serve.

We had the pleasure of serving a family of 5, (dad, mom and 3 children) one child was autistic according to the parents but no formal diagnosis had been done. This 6-year-old child had not gone to the doctor, wasn't enrolled in school, had no speech, and feared bathrooms. The parents said they feared leaving the child with anyone because of all the above. After a few case management meetings, we were able to build trust with the parents and they allowed us to begin the process of moving past these fears. Mom set up a doctor visit and we went to the visit with them. We later went to the school administration building to enroll the child. We went to the IEP meeting which had everyone there necessary to support this family and assure them of positive outcomes and the benefits of their child attending school. When all was said and done, this child was eventually enrolled in Woodsedge Learning Center. The last time we checked on this family, the parents were happy with their decision and their child is doing well and goes into the bathroom unafraid.

The H.E.R.S (Homeless Emergency Response System) program designed to effectively address homelessness in the local community that typically involves Law Enforcement engagement. It is a preventive measure to reduce the number of individuals who seek temporary shelter through criminal activities like trespassing in an abandoned home or other unsafe environments considered dangerous for human habitation.

A client had been in the H.E.R.S program for a time and was still there when a new Housing Coordinator took over running this program. This client was awaiting to regain custody of her son and kept hitting walls. The new Coordinator was instrumental in helping this client regain full custody of her son, since this program accommodates single adults, mom and son were transferred to our Family Shelter where they are on target for being successfully housed as a family.

Our Veteran Shelter (VS) is a much-needed shelter in our community and provides supports to those who have served our county and are now in need of being served themselves. The Veteran Shelter supports consist of housing assistance, employment connections, connecting these individuals to the VA center and much more. Because of supports offered at the VS, a client was able to find suitable

employment, affordable housing and complete his associate degree. These successes came with a few minor challenges, nevertheless, the client showed resiliency and is now on the other side of these challenges and will be attending the NAACP bar-b-que at the VS on July 12, 2024, to help out and share his story. He says the VS was such a blessing to him and he wants to motivate others by helping and paying it forward.

That concludes our report.

Beth Ann Meints, Administrator of Clinical Services/CCBHC Report/VERBAL

The most recent 2023 Community Behavioral Health Clinics Certification (CCBHC) Criteria, that is in compliance with the statutory requirements outlined under Section 223 of Protecting Access to Medicare Act (PAMA), includes new federal and state requirements for CCBHCs to expand crisis services. To that end, CCBHC is supporting the expansion of crisis services in our community. The focus will be on providing rapid, home- and community-based responses to emergencies 24/7 for all populations, including youth, adults and individuals with intellectual/developmental disabilities. Crisis staff need to have the qualifications to respond and meet the needs of all of these populations.

That concludes my report.

ACTION ITEMS ~ NEW or REVISITED/MOTION

a. RESOLUTION – Opposing MDHHS Approach to Meeting the Federal Conflict Free Access and Planning in Michigan

IX.a.

RESOLUTION OF THE
KALAMAZOO COUNTY COMMUNITY MENTAL HEALTH AUTHORITY (KCCMHA)
d/b/a INTEGRATED SERVICES OF KALAMAZOO
OPPOSING THE MICHIGAN DEPARTMENT OF HEALTH AND HUMAN SERVICES (MDHHS)
DECISIONS TO IMPLEMENT
CONFLICT FREE ACCESS AND PLANNING IN MICHIGAN

WHEREAS (KCCMHSA) is a Participating Public Community Mental Health Services Program Authority of the Southwest Michigan Behavioral Health (SWMBH) Prepaid Inpatient Health Plan (PIHP) Region 4 Regional Entity comprised of eight counties.

WHEREAS MDHHS has announced its decision to require public Community Mental Health Services Programs (CMHSPs) to separate service assessment and planning from service delivery, requiring Medicaid beneficiaries to receive the assessment and planning services from one entity and ongoing direct services from another, separate entity effective October 1, 2024.

WHEREAS the interruption or loss of services for the 7,952 residents of Kalamazoo County with Serious Mental Illnesses, Serious Emotional Disturbances, co-occurring substance use disorders, and intellectual or developmental disabilities to whom KCCMHA d/b/a Integrated Services of Kalamazoo (ISK) provided services during the State Fiscal Year 2023 would be disastrous to many individuals that currently receive service assessments, planning, and service delivery from ISK

WHEREAS after careful review the conclusions of the ISK Board of Directors are that the current MDHHS decision:

- Is in conflict with the statutory responsibilities of CMHSPs under Michigan law.
- Erroneously implies profit driven or undue enrichment motives on the part of
 governmental entities (i.e., CMHSPs and PIHPs) instead of recognizing what is actually a
 formal transfer of governmental responsibility from the State of Michigan to the
 counties for the delivery of public community mental health specialty supports and
 services.
- Ignores the unique Michigan Medicaid Managed Specialty Supports and Services shared risk based prepaid capitation financing system arrangement between PIHPs and MDHHS which militates against conflict-of-interest concerns.
- Is in conflict with the Certified Community Behavioral Health Clinic (CCBHC) state demonstration model currently implemented and expanded in the State of Michigan.
- Ignores, at best, and disregards, at worst, input from persons with lived experience that
 have consistently stated that the available procedural safeguards, including statutorily

required recipient rights protections, are preferable to systemic and structural upheaval inherent in the MDHHS announced decisions regarding implementation of Conflict Free Access and Planning federal requirements.

THEREFORE, BE IT UNANIMOUSLY RESOLVED THAT, in the strongest possible terms, and for the reasons stated herein, the KCCMHA Board of Directors opposes the MDHHS announced structural strategies for compliance with the federal Conflict Free Access and Planning rules.

BE IT FURTHER UNANIMOUSLY RESOLVED THAT, the KCCMHSA Board of Directors requests that MDHHS reconsider its current decisions and honor the federal Centers for Medicare and Medicaid Services (CMS) waiver approval of procedural mitigation of conflict-of-interest concerns and pursue CMS approval of strengthened procedural safeguards against conflict-of-interest concerns in Michigan.

OPENING COMMENTS

Karen Longanecker/ISK Board Chair/Opening Comments for the Public Hearing ~ July 22, 2024

Welcome All:

Thank you for attending this public hearing. I would like to introduce ISK Board of Directors to the audience:

- Chair Karen Longanecker
- Vice Chair Michael Seals
- Nkenge Bergan
- Sarah Carmany
- Patrick Dolly
- Patricia Guenther
- Erik Krogh
- Ramona Lumpkin
- John Taylor, Kalamazoo County Commissioner
- Michael Raphelson, M.D.
- Sharon Spears
- Melissa Woosley

Hearing Background:

- Integrated Services of Kalamazoo (ISK) Board of Directors is very interested in hearing the public's assessment of our service delivery system. This public hearing is just one place where we hear from those we serve, their families and our community. Everyone is invited to attend and comment at any of our board meetings, which usually occur on the fourth Monday of each month.
- The Board is committed to providing quality services in response to community need. We are particularly seeking comments on ways to improve service quality and the need for new services.
- Tonight, we are interested in hearing your comments on services for children with serious emotional disturbances, adults with mental illness, children and adults with intellectual and developmental disabilities and individuals with co-occurring disorders.

Process:

- There will be two sign-up sheets available: One for those in attendance and one for those wishing to speak. Please complete both sheets if you plan on speaking. Make sure to include your full name and complete address with zip code.
- For those wishing to speak, please begin your comments/statements with your full name and address, including zip code.
- Please limit your remarks to 4 minutes.
- The ISK Board of Directors will be listening only this evening and will therefore not be responding to your remarks. Please do not interpret this as a lack of interest. The goal of our public hearing is to allow you to share personally and uninterrupted. A written response will be provided to those who speak, which is why it is so important to make sure we have your full name and address on record.
- If you wish to speak with an ISK Staff Person about you Personal situation, someone will be available to talk with you after the meeting.
- Thank you for taking time to attend the 2024 ISK Public Hearing. Information gathered this evening will be used as we plan for the FY24/25 ISK Budget.

PUBLIC HEARING OPEN FOR COMMENTS/TESTIMONIALS

No citizens came forth or were in attendance.

CLOSE PUBLIC HEARING/VERBAL MOTION

Chair Longanecker, "I MOVE TO CLOSE THE ANNUAL PUBLIC HEARING @ 5:37PM DUE TO THERE WAS NO CITIZENS IN ATTENDANCE TO GIVE TESTIMONY INPERSON or ONLINE." Supported by Vice Chair Seals. MOTION PASSED.

SECTION:	Executive Limitations	PAGE:	1 of 2
SUBJECT:	Drug carrying	SUPERSEDES:	08/22/2011
	BUDGETING	REVISED:	08/22/2011

PURPOSE/EXPLANATION

To establish limitations of means regarding the budgeting process.

POLICY

- I. Budgeting any fiscal year or the remaining part of any fiscal year shall not deviate materially from Board Ends priorities, or risk fiscal jeopardy. Accordingly, the Chief Executive Officer may not cause or allow budgeting which:
 - A. Does not provide for a Public Hearing prior to formally adopting the budget consistent with Michigan Compiled Law (MCL) Section 141.412.
 - B. Contains too little information to enable credible projection of revenues and expenses, cash flow, and disclosure of planning assumptions.
 - C. Plans the expenditure in any fiscal year of more funds than are conservatively projected to be received in that period.
 - D. Reduces the current assets at any time to less than a favorable relationship with current liabilities.
 - E. Does not provide for Board prerogatives such as Board development, and Board and committee meetings.
 - F. Endangers the fiscal soundness of future years or ignores the building of organizational capability sufficient to achieve ends in future years.
- II. This policy will be monitored through internal mechanisms on a quarterly basis, and external mechanisms on an annual basis.

PURPOSE/EXPLANATION

To establish limitations of means regarding asset protection.

POLICY

- I. The Chief Executive Officer (CEO) may not allow assets to be unprotected, inadequately maintained nor unnecessarily risked. Accordingly he/she may not:
 - A. Fail to insure against theft and casualty losses to at least 80 percent replacement value and against liability losses to Board members, staff or the organization itself in an amount comparable to other CMH's.
 - B. Allow un-bonded personnel access to material amounts of funds.
 - C. Subject plant and equipment to improper wear and tear or insufficient maintenance.
 - D. Unnecessarily expose the organization, its Board or staff to claims of liability.
 - E. Fail to protect intellectual property, information and files from loss or significant damage.
 - F. Receive, process or disburse funds under controls which are insufficient to meet the Board appointed auditor's standards.
 - G. Endanger the organization's public image or credibility, particularly in ways that would hinder its accomplishment of mission.
- II. This policy will be monitored through a report on an overview of ISK insurance coverage on an annual basis.

ASSET PROTECTION REPORT

August 26, 2024

- Our liability/property insurance is through the Michigan Municipal Risk Management Authority ("MMRMA"). MMRMA was created under the authority of the Michigan statutes to provide risk management and risk financing services to local governmental entities such as ISK.
- Liability coverage through MMRMA totals \$15,000,000 per occurrence.
- ISK board members are covered by MMRMA for their official duties performed on behalf of ISK.
- MMRMA pays for the costs of defending certain claims against ISK as well as any damages assessed.
- Workers compensation insurance is purchased through Accident Fund Co of America. We have limits of \$500,000 per accident and \$500,000 per disease claim.
- Our long term and short-term disability coverage is purchased through The Hartford Group. For long term coverage (LTD), employees will receive 60% of their income up to \$200,000 after a 180-day waiting period (maximum benefit of \$10,000 per month). For short-term disability (STD), employees will receive 60% of their covered salary up to \$200,000 beginning on the 15th day after the accident or 15th day after an illness that causes them to be off work (maximum benefit of \$2,400 per week). Maximum duration for STD is 23 weeks or the beginning of LTD benefits, whichever is earlier.
- Group life insurance is through The Hartford Group. Employees receive 0.5 times their salary rounded to the next higher \$1,000 subject to a minimum of \$10,000 and a maximum \$100,000.
- Group accidental death and dismemberment insurance is through The Hartford Group.
- Health care professional liability insurance is through Pro Assurance Casualty Company. Limits are \$3,000,000 per claim and \$3,000,000 aggregate. Our employed prescribers are covered.
- Medical insurance/prescriptions coverage is purchased through Blue Cross Blue Shield of Michigan for employees working at least 30 hours per week.
- Dental insurance is purchased through ADN for employees working at least 30 hours per week.
- Vision insurance is purchased through Blue Cross Blue Shield using the VSP network for employees working at least 30 hours per week.
- Employees working at least 20 and up to 29 hours per week may purchase ISK's medical insurance/prescriptions coverage, dental insurance, or vision insurance at the full premium cost.

ISK Quality Improvement Program Plan

Meeting Date:

August 26, 2024

Approval Date:

Prepared by:

Sheila Hibbs

August 26, 2024

Recommended Motion:

"I MOVE APPROVAL OF THE ISK QUALITY IMPROVEMENT PROGRAM PLAN AS AMENDED FOR FISCAL YEAR 2023/2024 WITH THE NEW STANDARDS and PERFORMANCE MEASURES ADDED TO THE CCBHC HANDBOOK."

Summary of Request:

Page 7:

The ISK Utilization Management department works in conjunction with the Quality Management department to review and evaluate level of care of individuals served at times of unexpected incidents and events occur to assure appropriate level of care and continuous quality improvement. Examples of these reviews include but are not limited to readmissions for psychiatric or substance use related reasons, the death of an individual served, and other reported events that would warrant a review of the individual's service level and care.

Page 8:

ISK will demonstrate an explicit focus on populations experiencing health disparities (including racial and ethnic groups and sexual and gender minorities) and utilize disaggregated data from the CCBHC quality measures and, as available, other data to track and improve outcomes for populations facing health disparities. The ISK QI Council will collaborate closely with the ISK Justice Equality and Trauma Team (JETT) to ensure that data is monitored and utilized to improve systems, access to care, and treatment of individuals served.

Page 10:

ISK, in accordance with the MDHHS CCBHC Handbook, will specifically review and addresses the following:

- 1. CCBHC individuals served suicide deaths or suicide attempts.
- 2. Fatal and non-fatal overdoses
- 3. All-cause mortality among people receiving CCBHC services.
- 4. CCBHC individuals served 30-day hospital readmissions for psychiatric, or substance use reasons.
- 5. Such other events the state or applicable accreditation bodies may deem appropriate for examination and remediation as part of the ISK QI plan.
